

# E-RATE SERVICES

Smart, scalable E-Rate solutions that are purpose-built for schools and libraries.

## WE HELP EDUCATION LEADERS CONNECT, SECURE, AND SCALE

Elevate helps K-12 schools and libraries design and deploy technology environments that are reliable, secure, and built for modern learning, all while maximizing E-Rate value and compliance.

### TRUSTED TECHNOLOGY

## What We Deliver

### SECURE & SCALABLE NETWORKS

- Wired and wireless network design (LAN/WLAN)
- Firewall, segmentation, and threat protection built-in
- Site surveys and heatmaps for reliable campus coverage

### DATA ENGINEERING & ANALYTICS

- Student and operational data integration
- Dashboards for performance, enrollment, and utilization
- Scalable data warehouse and reporting solutions

### HYBRID INFRASTRUCTURE & CLOUD ENABLEMENT

- Data center modernization and virtualization
- Azure and M365 integration for education environments
- Cloud-based identity, backup, and disaster recovery

### CLASSROOM & ADMINISTRATIVE HARDWARE PROCUREMENT

- E-Rate eligible devices, including Chromebooks, laptops, and access points
- Lifecycle refresh and imaging services
- Vendor management and logistics coordination

## Work With A Partner, Not A Vendor

Elevate is an engineering-first firm built on relationships, not transactions. We're nimble, experienced, and exists to help IT leaders look good by delivering results that matter, on time, on budget, and aligned with your goals. With a proven track record supporting E-Rate funded projects, our team brings deep expertise in networking, cloud, and data engineering to schools and libraries across the region. We focus on practical, compliant solutions that enhance connectivity, security, and learning outcomes, without unnecessary complexity or vendor noise.

**Ready to simplify how your business connects and learns?**
